RESTORE ILLINOIS

A Public Health Approach To Safely Reopen Our State

PART OF PHASE 3 OF RESTORE ILLINOIS PLAN

APPLICABLE TO EACH REGION UPON TRANSITION TO PHASE III | ISSUED ON MAY 24, 2020

The Recovery Phase of the Restore Illinois public health approach to reopening the Illinois economy includes returning people to work, businesses reopening and group gatherings of 10 or fewer. We must all continue to social distance, frequently wash our hands and cover our faces to maintain progress in overcoming COVID-19.

This document is applicable to businesses that meet the following criteria:

- Customer-facing establishments primarily engaged in providing outdoor recreational and amusement services
 - i. Examples of outdoor recreation businesses include (non-exhaustive): driving ranges, outdoor shooting ranges, paintball courses, outdoor adventure parks

Uniform guidelines across businesses, industries and nonprofits within the State of Illinois:

GENERAL HEALTH

i. Minimum guidelines

1. All employees who can work from home should continue to do so
2. Employees should wear face coverings over their nose and mouth when within 6-ft. of others (cloth masks preferred). Exceptions may be made where accommodations are appropriate – see [IDHR’s guidance](#).
3. Social distance of at least 6-ft. should be maintained between non-household individuals unless participating in activities permitted under Phase III guidelines
4. Employer should provide hand washing capability or sanitizer to employees and if applicable, customers
5. Frequent hand washing by employees, and an adequate supply of soap/ paper towels and/or disinfectant/ hand sanitizer should be available

HR AND TRAVEL POLICIES

i. Minimum guidelines

1. All employees should complete health and safety training related to COVID-19 when initially returning to work. Resources to design a training are posted on the DCEO Restore Illinois guidelines website
2. Employers should continue to limit all non-essential business travel
 - a. If employee must travel, employee should follow CDC considerations to protect themselves and others during trip
3. Employees should not report to, or be allowed to remain at, work if sick or symptomatic (with cough, shortness of breath or difficulty breathing, fever of 100.4 degrees or above, chills, muscle pain, headache, sore throat, new loss of taste or smell, or other [CDC-identified symptoms](#)), and sick or symptomatic employees should be encouraged to seek a COVID-19 test at a state or local government testing center, healthcare center or other testing locations

ii. Encouraged best practices

1. Provide reasonable accommodation for COVID-19-vulnerable employees, including but not limited to work from home (if feasible), reduced contact with others, use of barriers to ensure minimum distance between others whenever feasible or other accommodations that reduce chances of exposure

HEALTH MONITORING

i. Minimum guidelines

1. Employers should make temperature checks available for employees and encourage their use. Employers should post information about the symptoms of COVID-19 in order to allow employees to self-assess whether they have any symptoms and should consider going home.
2. All employers should have a wellness screening program. Resources outlining best practices are posted on the DCEO Restore Illinois website
 - a. Employer should conduct in-person screening of employees upon entry into workplace and mid-shift screening to verify no presence of COVID-19 symptoms
3. If employee does contract COVID-19, they should remain isolated at home for a minimum of 10 days after symptom onset and can be released after feverless and feeling well (without fever-reducing medication) for at least 72 hours OR has 2 negative COVID-19 tests in a row, with testing done at least 24 hours apart
4. If an employee is identified as being COVID-19 positive by testing, CDC cleaning and disinfecting should be performed as soon after the confirmation of a positive test as practical
5. Where appropriate, notify employees who have been exposed
6. Any employee who has had close contact¹ with co-worker or any other person who is diagnosed with COVID-19 should quarantine for 14 days after the last/most recent contact with the infectious individual and should be encouraged to seek a COVID-19 test at a state or local government testing center, healthcare center or other testing locations. All other employees should be on alert for symptoms of fever, cough, or shortness of breath and taking temperature if symptoms develop

¹ Close contacts include household contacts, intimate contacts, or contacts within 6-ft. for 15 minutes or longer unless wearing N95 mask during period of contact.

Guidelines specific to Outdoor recreation businesses:

PHYSICAL WORKSPACE

i. Minimum guidelines

1. Operator should display signage at entry with face covering requirements, social distancing guidelines, and cleaning protocols, in multiple languages as needed
2. If facility has stations for individual recreation activities, operator should ensure at least 10-ft. between stations. If stations cannot be moved, operator should limit number of open stations to ensure social distancing
3. Clubhouse and any other communal gathering place should be closed
4. Water fountains, except for touchless water bottle refill stations, should be made unavailable for use (e.g. turned off, covered, area blocked)
 - a. If no touchless fountain is available, water may be served in sealed, single-use water bottles

ii. Encouraged best practices

1. Display visual markers 6-ft. apart at customer queue points
2. If practical, install impermeable barrier between employee and customer at checkout

DISINFECTING/CLEANING PROCEDURES

i. Minimum guidelines

1. Cleaning and disinfecting of premises should be conducted in compliance with [CDC protocols](#) on weekly basis
2. Clean and disinfect common areas (e.g., restrooms, cafeterias) and surfaces which are touched by multiple people (e.g., entry/exit doorknobs, stair railings) frequently; every 2 hours recommended for high-traffic areas
3. Sanitization of locker rooms and showers should be completed at least every 2 hours
4. Operator should thoroughly sanitize all rental equipment before and after use by a customer

STAFFING AND ATTENDANCE

i. Minimum guidelines

1. Operator should design a plan to allow for social distancing within the workplace and if needed, designate employee(s) to monitor capacity limits and social distancing
2. Operator should limit the occupancy of common areas/ break rooms to allow for social distancing of 6-ft. or greater by removing/ decommissioning furniture or staggering break times; this guideline is not intended to diminish employees break time requirements
3. Group sizes should be limited to 10 people with social distancing
 - a. If social distancing is not feasible, groups should be limited to people within the same household
4. Multiple groups permitted at once as long as 1) facilities allow for social distancing of participants and employees, 2) 30-ft. of distancing is maintained between groups, and 3) areas for each group are clearly marked to discourage interaction between groups

ii. Encouraged best practices

1. Stagger shift start and end times to minimize congregation of employees during changeovers

EXTERNAL INTERACTIONS

i. Minimum guidelines

1. Before allowing external supplier or non-customer visitor to enter, or while requiring them to wait in a designated area, operator should ask whether external supplier or non-customer visitor is currently exhibiting COVID-19 symptoms
 - a. If possible, operator should take external supplier or non-customer visitor temperature using thermometer (infrared / thermal cameras preferred, touchless thermometers permitted)
2. Operator should keep log of all external suppliers who enter premises
3. Suppliers and non-customer visitors should wear face coverings over their nose and mouth when entering premises (exceptions can be made for people with medical conditions or disabilities that prevent them from safely wearing a face covering)

ii. Encouraged best practices

1. Limit contact between external suppliers/ other non-customer visitors and employees

CUSTOMER BEHAVIORS

i. Minimum guidelines

1. Customers should wear face coverings over their nose and mouth (exceptions can be made for people with medical conditions or disabilities that prevent them from safely wearing a face covering)
2. Operator should develop a method to inform customers of available facility capacity before customers arrive at the facility (e.g. reservation system) and customers should check for available capacity before going to the outdoor recreation facility

ii. Encouraged best practices

1. Customers avoid touching facility accessories (e.g., pin flags, targets)
