

## VILLAGE OF DEERFIELD FARMERS MARKET RULES OF OPERATION

### LOCATION OF MARKET

The Deerfield Farmers Market is located in the commuter parking lot at the northwest corner of Deerfield Road and Robert York Avenue, west of the AT&T Building, east of the train station.

### PRODUCER OR GROWER DEFINITION

A grower, producer or participant is a person offering for sale articles for human consumption, such as fruits, vegetables, edible grains, nuts and berries, apiary products, herbs, maple sugars, cheese, ciders, syrups, or prepared foods; and non-edible articles such as cut or potted flowers, dried flowers, and plant materials, which articles have been raised and/or grown by the producers, members of their family or by persons in their employ. Other prepared or processed food products must be prepared by the participant or by persons in their employ in a commercial kitchen which meets all requirements of local, county and/or state health departments. The participant may not bring in products he has not grown or prepared, or has bought from someone or someplace else for resale at the Deerfield Farmers Market. Also, the participant may not bring in products which are not specifically listed on his/her application. If this rule is violated and substantiated, the producer will be asked to leave and forfeit any fee paid. Final approval of all applications is at the sole discretion of the Farmers Market Committee.

### COMMUNITY ORGANIZATIONS

Local not-for-profit community organizations are invited to participate in the Deerfield Farmers Market subject to approval of the Farmers Market Committee and space availability. Up to three (3) local not-for-profit community organizations may set up and occupy a space at the Deerfield Farmers Market for the purpose of an information display, raffle or fundraiser on each market date. Organizations may apply to participate at the market no more than three (3) times during a market season. To allow for orderly consideration, applications from community organizations will be considered on a first-come, first-served basis and must be received by the Market Manager no less than seven (7) days in advance of the requested market date. Each application must be submitted or endorsed by a resident of Deerfield, Bannockburn or Riverwoods. At all times, at least one (1) individual representing the organization present at the Farmers Market must be a resident of Deerfield, Bannockburn or Riverwoods. With the sole exception of bake sales, community organizations may not sell items that directly compete with those of the participating producers. Where applicable, all community organizations present must abide by the same rules of conduct that apply to market vendors.

Interested community organizations should contact Village Hall or the Farmers Market Manager for an application. Permission to participate is granted by the Farmers Market Committee. The applying organization will be notified in a timely manner as to the status of their application. The setup (stand) location will be determined on the date(s) the organization attends the market.

### Parking for Members of Community Organizations

Parking is available around the perimeter of the market lot and along Park Avenue on the west side of the market lot. Members of participating community organizations may not park in the Park District parking lot directly across the street on the north side of the market along Jewett Park Drive.

### Trash Removal

Members of not-for-profit community organizations must leave their assigned setup location clean of any waste or litter before they leave the market. Information and related displays must be limited to that which can be placed on a table-top. Life-size and/or stand-up displays are not permitted. Hawking is not permitted. Any politician who is running for office is free to walk around the market to meet and greet shoppers, and distribute information as the Farmers Market is held on public property. ## QUESTIONS OF PRODUCE LEGITIMACY

1. The person challenging a farmer's product legitimacy should first discuss the complaint with the Market Manager.
2. Should the matter not be resolved in this manner, a signed complaint should be put in writing and given to the Market Manager.
3. The challenged farmer will be told by the Market Manager of the complaint and informed that if the questioned goods are not produced by him, he should cease to bring them to the Market.
4. If the farmer in question continues to bring or offer for sale the challenged product and a second complaint is entered, the farmer is notified that an inspection will be made of the specific location listed on the Farmers Market application as to where such items are reportedly grown.
5. If the complaints are such and the amount is sufficient, it is the discretion of the Market Manager to make the recommendation that the farmer be removed from the Market. Also, no portion of the Market fee would be refunded.

## PRODUCER SPACE RENTAL FEE

A producer space is the equivalent of two (2) standard parking spaces, approximately 17' W x 19' L. A minimum of one (1) producer space is required at the rate of \$10 per week.
