COMED SETTLEMENT – TENTATIVE AGREEMENT

As is being reported, the Village of Deerfield can confirm that it has reached a tentative settlement agreement to our 2008 lawsuit with ComEd related to unreliable electric service. The Village Board is set to review the tentative agreement on September 6, 2011 in Executive Session prior to their regular Village Board meeting and will vote on the agreement during the regular meeting.

The Village of Deerfield will not have a formal comment on the agreement until after review by the Village Board.
