## Deerfield Farmers Market Moves to Lindeman Parking Lot for One Week

Due to the heavy road removal operations expected this Saturday near Park Avenue, the Deerfield Farmers Market is heading one block east to the Lindeman Parking lot, just east of the AT&T building. The Farmers Market will return to its regular location on August 20.

Come savor the flavor of the seasons at this temporary location. Patrons are asked to park in the regular Farmers Market parking lot to allow for parking for the nearby businesses. The Farmers Market will only occupy the southern row of the parking lot. See the map below to plan your trip to the market and find your favorite vendors.
