**Description of Service:** Organic material container service on an "As-Needed" or "Per Pull" basis Organic material includes food scraps and landscape waste as defined in the Illinois Environmental Protection Act.

<u>Container Size</u>	<u>Cost "Per Pull"</u>

1 cubic yard	\$ <u>32.47</u>

If any of the above pricing on a per pull basis would be lowered based on volumn (i.e. one location having a need for multiple containers) please explain:

Lakeshore Recycling Systems does provide a compost / organic recycling program. Our rpogram provides cost breaks for more equipment with less frequency of service. Our program also encourages the use of compostable bags to contain the organic material.
